

Biennial McCrea Astronomy Lecture
for Science Week 2013

ARE THE LAWS OF PHYSICS CHANGING?

Professor John D. Barrow

Astronomers have investigated whether the laws and constants of physics are the same today as they were billions of years ago. This lecture will look at what these high-precision observations have been telling us and see why many physicists believe that the laws of physics may be different elsewhere in the Universe.

6pm/12/11/13

VENUE: G10 Lecture Theatre, Brookfield Health Sciences Complex, UCC

Free Admission. Booking required: [click here](#)
